Email address: \_\_\_\_\_

We recommend all pets 6 years and older have an annual wellness profile done. It includes a complete blood count, 25 test chemistry panel, thyroid test, and urinalysis. (\$160.00) It provides a baseline for comparison if your dog ever gets sick. Can we perform these tests today?  YES  NO

Does your pet have access to rivers, lakes, or retention ponds?  YES  NO

Has your pet ever had a reaction after receiving vaccines?  YES  NO

Does your dog go to a groomer, boarding facility or dog park?  YES  NO

Do you travel outside the state with your pet?  YES  NO

If yes, where? \_\_\_\_\_

We now require the 2 strain influenza (flu) vaccine for dogs if they board, get a bath or do play park at Plantation Animal Hospital. Would you like your dog to receive this vaccine today? All dogs receive 2 vaccines 2 weeks apart the first time - \$42.00 for each, then once annually.  YES  NO
